Please turn over for additional questions

Please provide written responses to the following questions.

What do you appreciate most about the course or TA?

- Her availability to help students outside of class and get the class engage.
- She replies to email fast and she's amazing.
- The TA is the best person ever.
- She is super relaxed and friendly. She is also very smart and knows what she is talking about.
- Laura is always very positive and tries her best to be engaging in discussion . she had her work cut out for her because my class was really quiet. She is very knowledgeable and always answers her emails! She is great.
- She always had the best attitude and presentations.
- Laura is honestly one of the best teams I've had in Davis. She is very attentive to her students and is caring. She responds to email so fast and I love that about her. Thank you Laura always!
- The course taught me a lot about unusual weather and it's patterns. The TA makes the class easy to understand.
- Laura was always helpful and explain concepts really well I definitely understood more of the material because of her overall she was great.
- I love how the TA is relaxed enough to make jokes but is still able to teach very well. She knows her stuff and will help you understand anything you're having trouble with outside of class even outside of her office hours.
- I appreciate that she actually responds to emails and is very helpful. The course is interesting it taught me a lot.
- The TA was very helpful during office hours when I needed help on the homework assignments and answered all my questions. Discussion presentation was put together well.
- ATM 10 is a really interesting course and it teaches me a lot of knowledge about clouds or lightning the TA is so nice and helpful.
- The weekly feedback is a good idea.
- I appreciate how open she is to all questions.
- She is really nice. She always try so hard to teach the class.
- She has a nice body.
- Laura is a great TA who is always open to questions. She always responds to emails and explains topics well. Everytime I come to discussion, I always have a better understanding of the lectures.
- The amount of patience that the TA has for her students especially throughout the course when the students become increasingly fatigued due to other coursework.
- I appreciate her kindness and positive attitude everytime we see her (9am). Our class is quiet and she is still kind. I love that I feel okay to talk about issues that bother me.
- I appreciate most that Laura answered all of my questions with in depth answers, no matter how many emails I sent her about help with homework.
- Materials provided are completely related to the class and exams.
- She really helped to reinforce the concepts presented in lecture and explained them in a way that made more difficult concepts easier to understand. Also, when we were all tired and quiet, she was very patient with us.
- I appreciated how she broke down the calculations in discussion sections so that we would understand exactly where to find the numbers or how to calculate each value.
- I appreciate that the class is taught with lots of passion by both the professor and the TA! You can tell that they both care about the material they are teaching, and the students they are teaching.

- TA is really nice and friendly. Even if its not her office hours, she loves to make appointments to talk with me. She answered my questions through email very usually.
- Laura is very knowledgeable of the material presented in lectures and is therefore very helpful and thorough in discussion and when answering questions. She seems very passionate about the weather which makes the class a lot more fun to come to! I enjoy coming to class and having her teach us, and as an atmospheric science student, it really is fun coming to discussion and learning about what she has to say.

What could the TA do to improve the course or his/her teaching?

- Not much I could think of. She does a pretty good job. A+.
- She could make sure more about the knowledge of the subject.
- She did great! Except, maybe going over her presentation to make sure she is familiar with everything might help. Overall though, Laura was a wonderful TA!
- I have no suggestions. Laura was a great TA. All around.
- Nothing ☺
- I don't think there is anything more that could be done by the TA.
- More insight on homework.
- Nothing. Her slides are easy to understand and straight forward.
- I loooooove chocolate chip cookies
- Her teaching was already good enough. I don't think she needs improvement.
- No. Shes a great TA.
- Slow down and make sure everything is clear when reviewing topics students found confusing.
- No. I think she is perfect.
- No improvements. She was AMAZING!!
- Maybe add a little bit more details in slides.
- Nothing that I can think of. She's doing an amazing job and I would love to have her again.
- None!
- Nothing, she's amazing.
- Nothing. Her teaching style honestly worked so well for me.
- Nothing. She's the best.
- I think she does an excellent job already.
- Nothing, she's perfect.
- No, she's perfect.
- Nothing, it was great.
